

NATIONAL INSTITUTES OF HEALTH Clinical Research Center Pharmacy

Clinical Pharmacy Specialist Infectious Diseases

The National Institutes of Health (NIH) Clinical Research Center (CRC) Pharmacy is seeking a highly motivated clinical pharmacy specialist to provide pharmaceutical care to patients participating in research protocols of the National Institute of Allergy and Infectious Diseases (NIAID). The selected candidate will join a multidisciplinary team practicing in an environment of progressive pharmaceutical services. Clinical pharmacy specialists support the research efforts of the NIH, including participation in the design and conduct of clinical trials and IRB membership. Clinical specialists participate in the training and mentoring of post-doctoral pharmacy research fellows. The CRC Pharmacy Clinical Pharmacokinetics Research Laboratory (CPRL) maintains an active Fellowship Program for post-graduate trainees, offering opportunities for research and publication. Candidates should have completed a residency and/or fellowship in infectious diseases. Board Certification in Pharmacotherapy and added qualification in Infectious Diseases is highly desirable.

The CRC Pharmacy offers state-of-the-art pharmacy services in the world's largest clinical research facility. The Pharmacy supports tuition assistance and additional clinical training. The CRC is located on a 300-acre campus that also includes an internationally recognized Vaccine Research Center, the National Human Genome Research Institute, the C.W. Bill Young Center for Biodefense and Emerging Infectious Diseases, and the National Library of Medicine. We are within minutes of the nation's capital on a modern Metro-Rail system. The Washington, DC area offers seasonal recreational activities, professional sports, theater, and other cultural activities, such as the Smithsonian Institute, the Kennedy Center, and national monuments.

Applicants must be licensed to practice pharmacy in a state or territory of the U.S., or the District of Columbia and meet the minimum educational requirements required for the position. Benefits associated with federal employment are included. Salary range is commensurate with experience/present salary.

For information about the position call Robert DeChristoforo at (301) 496-5477. You can apply on-line at www.usajobs.opm.gov. The announcement number for this position is CC-06-143160. The position will close on October 6, 2006.
